ACTIVITY REPORT

Activity Title	Engineer's Day and Awareness about all clubs.
Resource Person	-
Date	15 SEPTEMBER 2023
Activity Type (Workshop/Seminar/Webinar/Contest etc.)	Exhibition
Level (Institute/University/National etc.)	Institute
Name of Organizing Committee /Professional Society/Student Chapter /Student Club	ACSES, CODECHEF, OWASP, IEEE, CSI.
Participants (Class/Count)	Third year C.S.E. & AIDS

Activity Summary

On Engineers' Day, September 15, 2023, our institution celebrated the invaluable contributions of engineers and the spirit of innovation. The focal point of the celebration was the inauguration of various Computer Science and Engineering clubs, marked by a ribbon-cutting ceremony led by the esteemed Dean of the Department, Prof. (Dr.) S.K. Shirgave Sir. This significant event aimed to raise awareness about these clubs and their diverse activities, fostering a sense of community and collaboration among students.

The Engineers' Day celebration commenced with a formal inauguration ceremony held in the new AI&DS (Artificial Intelligence and Data Science) lab. The presence of the Dean of the Department, along with the attendance of faculty members and students, added to the significance of the occasion.

Awareness activities were a crucial part of the celebration, designed to introduce students to the clubs and their objectives:

1] Club Exhibition: Each club meticulously set up informative displays and booths, showcasing their focus areas, previous projects, and upcoming activities. This exhibition provided attendees with a comprehensive view of the diversity within the field of engineering and the offerings of each club.

2] Club Representatives: Knowledgeable club representatives were present to interact with attendees, answering questions and providing valuable information about club membership and opportunities for involvement. This personal interaction aimed to encourage students to explore

and engage with the various clubs.

3] Information Sessions: Informative sessions were conducted to outline the benefits of joining these clubs, emphasizing aspects such as networking, skill development, and potential career opportunities. These sessions aimed to inspire students to actively participate in club activities.

In conclusion, the awareness activities not only informed students about the existence and purpose of the engineering clubs but also underscored the vital role of engineers in shaping the world and addressing global challenges through innovation and teamwork. The Engineers' Day celebration left a lasting impression, motivating students to become active contributors to the engineering community and pursue excellence in their chosen fields. The event successfully created a platform for students to explore their interests, connect with like-minded individuals, and contribute to the vibrant engineering culture within the institution.
